RE: RM-10867

Dear Sir or Madam:

I am submitting short comments on proposal RM-10867 for Amateur Radio Restructuring. I am a General class licensee. I agree with most of the proposal, except for the following:

- 1) I do NOT support an automatic upgrade from Technician to General class WITHOUT having Technicians take the Element 3 written exam.**
- 2) I would prefer that Element 1 be dropped as a requirement for ALL classes.**

Thank you for your time.

Sincerely,
